*Koongarra
Dahlias*

1938

C. B. Weiss

TO MY MANY CLIENTS.

No doubt old and prospective clients will be interested to know that Koongarra Dahlias have been even more successful than usual at leading 1938 shows, not only in S.A., but also elsewhere. I am also very proud to be able to say that four more Koongarra releases, "Koongarra Glory," "Orange Gold Giant," "Dandy," and "Little Surprise" were placed last year on the American Honour Roll. Truly a meritorious performance!

A few of the large number of unsolicited testimonials received:—

Euchuca, Vic.
I received my dahlias and was very pleased with them and the condition in which they arrived. . . .
A. Rickards.

Tumby Bay, S.A.
I had excellent results from the stock you sent me. I am quite convinced your tubers stand on their own. . . .
B. Wibberley.
Bridgetown, W.A.

The dahlias I got from you last year arrived in perfect condition and produced beautiful blooms. . . .
H. Davies.

Exhibitors—Only the best can give such results, so don't be misled by purchasing cheap, inferior stock.

DAHLIA SEED (approximately 50 in each packet).

My seed I can claim to be the best in Australia, it being saved from the best exhibition varieties only, such choice dahlias as Koongarra Beauty, Mrs. M. Weiss, Mary Finlayson, Golden Prince, Koongarra Gem, and many others having been obtained from it; available in three grades:—

No. 1—General selection in any type: 1/6 and 2/6 per packet.

No. 2—Specially selected exhibition strain, any type: 3/6 per packet.

No. 3—A limited quantity from selected and proved seed-parents, large types (named): 5/- per packet.

VARIETIES RECOMMENDED.

I would suggest, for the benefit of intending purchasers, the following varieties as being amongst the very best for exhibition:—

Introduction and Conditions of Sale

In presenting this new catalogue of dahlias I wish to thank all my numerous patrons for their past support, and, in soliciting a recurrence of their esteemed patronage, to assure them and all new clients that their wishes will always receive my closest personal attention.

This list has been brought right up-to-date with the best varieties from all dahlia producing countries, and is the most comprehensive and balanced collection in the Commonwealth, it being my aim to please all dahlia lovers, both those who grow dahlias primarily for garden and home decoration, as well as the most discriminating exhibitors, who will find within a rare collection from which to choose.

All novelties have been tried and proved in my nursery, and, while your local conditions may cause some variation, those catalogued can be confidently relied upon, the descriptions being as faithful as possible and quite unexaggerated. Do not be discouraged if a variety does not do well with you the first year; try it again, as some need to be acclimatized.

All are guaranteed and true to name, and all divisions, pot roots and plants, are from sound, healthy stock, field grown, and not over stimulated in any way. It is well-known that such stock will give more vigorous plants than that which has been highly forced and stimulated. Purchasers can, therefore, confidently rely on Koongarra stock.

COLLECTIONS.

Collections of named dahlias (any type), my selection, are made up at any price from 10/- to 40/- per dozen. They are the best value obtainable in dahlias to-day, and represent a reduction on catalogue prices. For those who are not thoroughly conversant with the varieties listed, I would advise that the selection be left to me, and if I am informed of the colours, price, and types desired, and whether they are required for garden or exhibition purposes, I will send only those capable of giving complete satisfaction.

All dahlias supplied are guaranteed and true to name.

SUBSTITUTION.

If I am unable to supply any variety asked for, it is customary for me to substitute a similar one, as good or better than the one named, at no extra cost, and this practise will be followed unless I am advised to the contrary, in which case please add some extra names as second choice.

GUARANTEE.

All dahlias are guaranteed good and sound when they leave me, and with at least one "eye." Should, however, any be damaged in transit, I will cheerfully replace them, free of charge, if returned to me and postage is sent, **but no complaint will be entertained unless received within seven days after despatch.** In all branches of gardening there are always some disappointments, due to causes beyond control, such as adverse weather conditions, soil pests, inexperienced planting, cultivation, etc., which renders it impossible for me to guarantee your success, but I do guarantee to fulfil your orders with sound healthy stock.

COUNTRY AND INTERSTATE ORDERS.

Country and interstate orders, unless freight can be paid the other end, should have 1/6 per dozen added for postage or railage to the country, and 2/- per dozen for interstate.

PACKING.

Each tuber (or plant) is packed in moss and separately wrapped, a system which ensures every dahlia arriving in perfect condition, even after travelling long distances..

TERMS.

Strictly NET cash on delivery, or with order from country or interstate clients. **Exchange must be added to country and interstate cheques.**

These, and on page 2, are my only Conditions of Sale, and, in ordering, clients automatically accept same.

New Exhibition Decoratives and Semi-Cactus of Special Merit

In most cases tubers are available, but in some instances they are very limited, so early reservation is necessary, as orders are supplied strictly in rotation. All varieties promised prior to dispatch are subject to stocks being available, as there is always a small amount of wastage through decay, failure in "starting," etc.

ABBREVIATIONS.

(F.D.) Formal Decorative; (I.D.) Informal Decorative; (S.C.) Semi- (or Hybrid) Cactus, over 7½ inches; (G.C.) Garden (or Semi- or Hybrid) Cactus, under 7½ inches. Some may be right on the border-line between two types, and may vary under different conditions, but this classification is as accurate as possible. All are stiff-stemmed.

RECENT "KOONGARRA" SPECIALS

The following are exclusively "Koongarra" Specials, raised or released by me, and maintain and conform to the highest standard set by former "Koongarra" originations. Their quality is undoubted, and all have Blue Ribbons, Certificates, or First Prizes to their credit.

AGNES FOSTER (I.D.)—A meritorious introduction similar to and quite as good as "Kathleen Norris." Of largest size (11 inches by 5 inches), and perfect form; carried facing one on extra strong stems. Clear pink, shaded orchid, with deeper centre. Champion at Murray Bridge, and Grand Champion at Karoonda. Petals very broad, lightly twisted at tips, building a perfectly symmetrical, high-centred bloom of surpassing quality. Extra 5/- net

AUTUMN GLOW (G.C.)—A glorious combination of glowing orange and henna, a welcome addition in autumn shades. Medium blooms of perfect type on long, very stiff stems. Medium sturdy plant 3/6 net

CORAL ISLE (G.C.)—One of the loveliest yet offered. A perfectly formed medium-sized flower of coral-apricot; quite a new shade. Champion Vase at Adelaide, 1937 3/6 net

GLORIA (I.D.)—A grand variety from South Africa, of perfect exhibition form and largest size (11 x 6) with long, very stiff stems. As good as this raiser's "Orange Gold Giant," which was featured on 1937 U.S.A. Honour Roll—a splendid achievement! The colour is outstanding—intense fiery orange. A new variety no exhibitor should miss. Strong grower 7/6 net

GOLDEN FEATHER (G.C.)—One of the daintiest and most free-flowering in this class, and indispensable either for vase or show purposes. Colour: rich, golden yellow, outer petals suffused bronze; similar to "Golden Sun," but petals finer. Stems long and slender, but very stiff. A real gem. 3/6 net

KING OF THE TRIBE (I.D.)—A splendid exhibition variety of largest size, on long strong stems. Deep blackish-crimson 3/6 net

KOONGARRA IDEAL (I.D.)—One of the best yet offered. The perfectly formed deep blooms can be grown to 12 inches, and are carried clear above the foliage on long, straight stems. Petals very broad, twisting at tips. Colour: deep, blood-red throughout. Essentially different from other reds. Extra 7/6 net

MARY SHINKFIELD (F.D.)—This is a variety which has every good point—new rare colour, largest size (10 inches or more), and extreme depth—and is carried at the correct angle on long, extra strong stems. Strong, medium grower, with every bloom a winner. Colour: soft yellow with centre of each petal suffused, and heavily tipped bronzy-terra-cotta, with a rich, deep centre. The perfect dahlia 7/6 net

MRS. W. BROOK (F.D.)—A perfectly formed Exhibition Formal of largest size and great depth, with a few petaloids showing in some blooms. Stems very long, stiff, and clean. Has been grown up to 11 inches. The colour is extremely dainty: silvery white, suffused rose, with deeper reverse and rich, dark centre. Very sturdy plant 3/6 net

PEERLESS (S.C.)—A well-formed dahlia of bright gold, flushed salmon, with violet reverse, and dark centre. Suitable for all purposes

3/6 net

ROSE BEAUTY (I.D.)—An outstanding variety, pure rose pink in colour, of largest size and perfect exhibition type carried on splendid stems. Broad petals twisted at tips. Just the type to attract judges' attention. Highly recommended

7/6 net

SALMON SUPREME (F.D.)—A South African variety of most exquisite colouring with very broad petals, building a magnificent bloom of perfect formation, which no discriminating exhibitor should be without. Exquisite salmon throughout, similar to "Cameo," with stems very long and stiff. Size 10 x 5. Extra

7/6 net

THE BRIDE (I.D.)—The champion white exhibitors have been awaiting. It took this honour first time it was shown (as a seedling) at Murray Bridge, and first prize at Adelaide, 1936. Can be grown up to 12 inches, with corresponding depth. Perfectly formed, on long, strong stems; sometimes almost formal

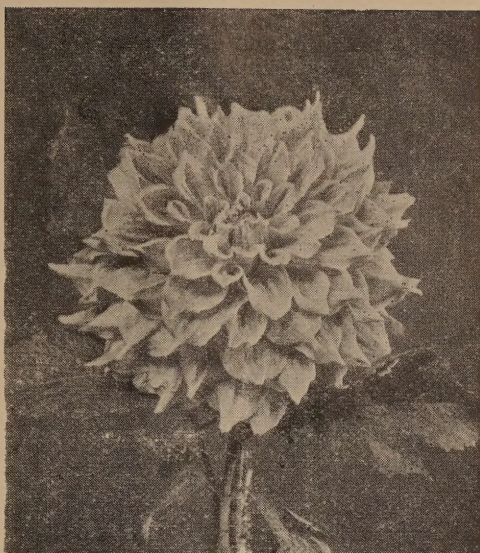

5/- net

VIANA'S FANCY (I.D.)—A vigorous variety of large size and best exhibition type. Petals broad and overlapping; stems long and upright. Yellow, striped crimson

3/6 net

VIOLET GEM (F.D.)—A very large and deep variety of rosy-mauve, heavily flushed violet; 10-inch blooms of splendid exhibition form can be obtained on strong, upright stems

VARIETIES NOT CATALOGUED.

Owing to the ever-increasing number of new varieties, I have found it impossible to include in this catalogue all the older dahlias in the various types, many of which I still grow. If, therefore, you desire varieties not listed in this catalogue, let me know, as most probably I can supply them.
